## Who We Are

### The Story Behind Burnaby FC's Founding

Burnaby is one of Canada's largest soccer-producing cities, yet it is one of the few regions which does not have a fully integrated club to develop and nurture players through their soccer-playing path at different technical levels. Under the current structure, we have a multi-tiered system operating in different organizations. The new organization looks to bring a comprehensive technical and operating infrastructure to yield a superior experience for the players.

Burnaby FC embraces a positive culture and facilitates a movement to improve the youth sports culture in Canada to one that encourages high-quality coaches and environments that support positive youth development and social-emotional learning and well-being.

# Evaluations and Assessments

**The following evaluation information is for players who are not currently playing for a founding club (CAUFC, MUFC, BGSC, WFC, BDMS).**

Evaluations will be held for 2010-2006 girls and boys over the next few weeks. Locations and times will vary as these evaluations will take place at team sessions in your child's current age group. If you would like to attend an evaluation, please complete the form below:

**For players who are currently playing for a founding BFC club (CAUFC, MUFC, BGSC, WFC, BDMS)**

Over the course of the season, our Club monitors the placement and development of all players within the Club through team coach year-end evaluation submissions, Senior BFC Technical Staff and Staff Coach observations and feedback from additional Club programming (eg. Development Centres, Academies). Players are seen at multiple times during the season in a variety of environments and information is collected by a number of different individuals to build a more complete picture of a player and where they belong. We respect and value the opinions we receive and make our decisions on player placement in the best interests of our players and their long-term player development. The Burnaby FC Team Placement Process aims to place players where they can play in an environment that promotes a lifelong enjoyment of physical activity and the game. By providing multiple team levels within an age group, we allow players to play where they are assessed based on their level of ability at that moment in time.

## Purpose

**Build leaders and community through sport.**

## Values

### Teamwork

We are all one team

### Community

Creating a legacy beyond the pitch

### Development

People first, athletes second

### Integrity

Demonstrate accountability through actions

## Mission

**Be the leaders in creating exceptional football experiences.**

Formed by the amalgamation of five clubs with deep Burnaby roots, Burnaby Football Club (BFC) is committed to building a better and stronger soccer presence in Burnaby and to representing our great city both on and off the soccer field.

## Vision

**The best-in-class football community in the country.**

BFC will focus on the continuous development pathway for Burnaby soccer players of all ages, abilities, levels, and represents an opportunity for players to grow and develop through the Canadian Soccer Pathway. BFC offers a holistic development framework accessible to all ages and stages from participation to high performance, with the goal of building a best-in-class soccer experience. Off the field, BFC wants to build on the strong legacy of its five founding clubs to form a club everyone recognizes, respects, wants to be a part of.
